

Exiv2 - Bug #449

Uncouple Iptc and Exif reading

10 Dec 2005 23:01 - Andreas Huggel

Description

If reading Exif metadata fails but Iptc data is ok, then only Iptc should be read (currently, neither Exif nor Iptc is read in this case) and vice versa.

Consider impact on writing: Any problem writing to a file with corrupted Exif/Iptc data?
