Mikayel

I'm not sure I've understood this issue. Can you provide a file and command line that fails every time. Try to avoid reporting issues that: "sometimes crashes", or "sometimes fails". Let's get the issue solid and reproducible.

Can you also provide platform/version information. Please run this command: `$ exiv2 -vV -g svn -g version -g date -g time`

#2 - 27 Jan 2016 17:16 - Robin Mills

- % Done changed from 0 to 30

- Estimated time set to 3.00

#3 - 09 Feb 2016 20:49 - Robin Mills

- Status changed from Assigned to Closed

Insufficient information for further investigation.

#4 - 09 Feb 2016 20:49 - Robin Mills

- % Done changed from 30 to 100

#5 - 10 Feb 2016 06:59 - Robin Mills

- Estimated time changed from 3.00 to 1.00
