Target version:	0.24		

Description

Current exiv2 trunk [r2791](#) fails to compile under Linux (Debian/Wheezy, GCC 4.7) with the following error message:

```
version.cpp: In function 'void dumpLibraryInfo(std::ostream&)':  
version.cpp:189:38: error: 'getpid' was not declared in this scope  
version.cpp:190:41: error: 'readlink' was not declared in this scope
```
