I'm adding estimates to all my outstanding issues to get a more accurate assessment of the effort remaining to ship v0.26. This is an 'umbrella' for a collection of issues. In itself, there is nothing to be done. When the issues below the 'umbrella' are complete, this issue can close.

- Private changed from Yes to No

This issue was private. I'm revealing it now on v0.26 as an issue for 1.0. I hope to review and refactor the video code to be the headline feature of v0.27
