Bug #824: undeclared identifier EXV_ICONV_CONST

History

#1 - 05 May 2012 22:45 - Robin Mills

Thomas:

Thanks for bringing this to our attention. I've never built with EXV_HAVE_ICONV set!

I've added code (SVN:2737) to exv_msvc.h (in msvc/include and msvc64/include) to deal with this.

```
/* Define to 1 if you have the `iconv' function. */
```

```
1. undef EXV_HAVE_ICONV
```

```
#ifdef EXV_HAVE_ICONV
#define EXV_ICONV_CONST const
#endif
```
