Description

The test script tiff-test.sh fails in the current trunk r2956. The error message starts with:

```
./functions.source: line 14: [...]/test/../bin/mini9.tif: No such file or directory
```

and is followed by a long diff output.

This issue has been introduced by commit r2935 which didn't refactor the tiff-test.sh script properly.

I just fixed this in r2957.
